Dated: 20-04-2007.

CIRCULAR

Sub:-General Education- Schools for Mentally Challenged- Registration
Once made- Treating as Permanent Registration- reg.

Ref:-1. Note Order dt.29-12-2006 of the Director of Public Instruction
2. G.O.(P) No.18/2005/General Education(R) Department dt.18.1.2005

As per Government Order referred 2nd above, Government have ordered to transfer the Administrative Control of schools for Mentally Challenged under the Control of the Director of Public Instruction and General Education Department, from the Socail Welfare Department with effect from the date of Government Order. The schools are to be registered under the General Education Department. So far only temporary registration remain in force for one year or three years from the date of issue unless revoked was being issued.

This case resulted in a situation where every year each institution has to make a fresh application and needs to be inspected by educational Officers and inspection report and the application has to processed in the Directorate of Public Instruction and registration renewed. This proves to be a cumbersome procedure.

In the above circumstances, this issue has been examined in details and it is hereby ordered that the registration issued by Director of Public Instruction under section 52 of the PWD Act 1995 shall be treated as a permanent registration and shall be renewed automatically at the end of 3 years. However in the case of institution availing of / applying for grant from the State Government or Central Government, the visit and detailed inspection, in any reason for Educational officers shall be mandatory, and during such visit or inspection, if any reason for canceling the registration is observed then the institution shall loose its registration permanently.

This Order shall apply to all institution whose registration has already been granted by this office as per condition stipulated in G.O.(P) No.74/99/Gl.Edn. dt.31.3.1999.
